Thanks to the Mystic Realms Players who made the trip to Princeton for the Garden State Games Faire. The convention was rather small, but we still had over 25 new people try our module and a lot more people filled out our interest list. From what we hear from the convention staff everyone loved the module. Special thanks to all those who helped turn the three hotel rooms into a fabuluosly entertaining module and Inn area. Always remember, everyone keep recruiting, because the larger we grow the more fun it will be for every one. Ask your friends to come and play.

The Crypt of Sematicus

Adventurers came across a closed crypt on the outskirts of Evermoore where Sematicus was buried. Commoners in the area told the story of the Great Wizard Sematicus, who perfected the polymorph ritual turning himself into a rat days before the fall of Evermoore. After battling the giant spiders and encountering a flesh eating ghoul, the tradesmen met the Bargemaster. He introduced them to the vast underground river which connects Evermoore to High Peak. The Bargemaster, a skeletal creature of unknown propensity, was caught in the same spell as Noctis when Sematicus' ritual to revive Illuminus went awry on High Peak during the fall of Evermoore. Traveling the waterways with the Bargemaster back to town, our brave adventurers battled shaggothes, giant rats, bats and Agrutt, an undead Ork from the fall of Evermoore, cursed through eternity to fight.

The December Event - 19-21

We are planning a festive yule Event. There is plenty of indoor sleeping in Conte (out-of-game), the Roasted Dragon Inn (in-game) and the Cast Cabin (for cast and crew).

Again, check-in is in Conte (next to the parking lot). If you need a refresher on directions call Amy Wojciechowski at (609) 939-3757 or amywoj@clam.rutgers.edu.

mysticrealms.com

Mystic Realms web site is expanding, be sure to check it out. Don't forget character histories and portraits will be on the "Citizens of Evermoore" section. A character history is not considered "officially approved" until it is checked and published on the site. The fee for this service is $10.00 with a small renewal fee each year to defray the cost of maintaining the web site. If you wish to help or have any suggestions contact Chris Troso (barbarian with two handed axe) through the web site or Gina Vassallo (Yui, the Weetle) at gvass@clam.rutgers.edu.

Lost And Found

Mystic Realms' lost and found is still huge. Let us know if you are missing something you think we may have. Please call us at (609) 963-1524.

Rules Clarifications

1.-All creatures with at-will casting will accomplish this through the use of Bodycast.
2.-All holy grounds, necromantic grounds and scared circles are prayer specific.
3.-Body cast will now be a mental action for Warlocks. It is transferred over from Knowledge at the same rank.
4.-Although not mentioned in the rulebook, hands holding weapons are illegal targets for safety reasons. Hands, in general, are legal targets.

Congratulations:
